Sandstone & River Stone Boulders

(netball to Watermelon in size)

For years people have been using boulders to accent their landscaping. Boulders can be grouped amongst plantings or used to divide areas in a garden. Recently people started using them as a fire pits, seating, a fountain, and even planters. Our Boulders are priced by the ton, but can be purchased in smaller quantities.

R1 250 per ton	White River Boulders
R1 250 per ton	Brown River Boulders
R1 250 per ton	Natural Mixed River Boulders

Drainage Gravel/Drainage Chips, Crushed Stone

Our crushed stones are used at the bottom of pots to assist in drainage; it is also used for decorative purposes, on pathways and on the surface of the soil in pots.
